Design Specifications

Luxury Berber mats are produced using an inlay process, where colored material is cut and pieced together by hand before pressing into rubber. As a result, there are very strict design requirements for this product. White material should not be used as the background color or for large sections of the mat as it is difficult to keep the color clean.

Minimum Text Height: 3" (includes lower case text)

Minimum Line Thickness: 3/8"

Any space between letters or design elements must be at minimum 3/8"

The text requirements are for general use; however, special fonts and very thin letter forms may need to be made larger or thicker and will be approached on a case-by-case basis.

Gradients, tints, screens and transparencies are not supported and should not be used.

**Please submit high quality logo/image files
to ensure the highest print quality and accurate color matching**

Acceptable
Vector Graphic Files:
AI, EPS, PDF, CDR, SVG
Image Files:
TIFF (150-921 DPI/PPI)*
JPG (150-921 DPI/PPI)*
PNG (150-921 DPI/PPI)*

*For carpeted mats, 150 to 300 DPI/PPI is required. For rubber mats, a minimum of 921 DPI/PPI is required.

Cleaning Instructions

Luxury Berber Mats can be cleaned by vacuuming, using detergent with a neutral pH, brushing areas of concern with a soft brush, and/or rinsing with a hose.
